

HALO CAMS

The HALO CAMS series presents a simplified one-touch operational solution, automatically uploading footage directly to our cloud-based DAMS system. Boosting employee confidence and streamlining the utilization of technology.

Our unique subscription model optimizes technology budgets, enabling broader implementation with improved efficiency, productivity and safety.

HALO CONNECT

The HALO Connect 4G body camera requires no manual uploading or return to base at the end of each shift. By harnessing the power of the UK's 4G mobile networks, the HALO cam automatically offloads footage to our cloud-based DAMS system - enhancing performance and helping your team focus on what matters most.
